Group exhibition (inter-)national artists

SUNDAY 11th MARCH
from 11:00 am to 17:00 pm

This exhibition is open from Sunday 11th of March till Sunday 8th of July 2018.

For this occasion we have assembled an extensive new collection of sculptures and paintings by our permanent artists.

Special attention goes to the colourful wall sculptures by the famous Israeli artist **David Gerstein**, the bronze sculptures by John **Spek** and the high quality photography art by Yvonne **Michiels**, who portrays highly fashion-conscious woman who view the world with a confident eye.

Furthermore, for the first time we will present a variety of sculptures and paintings by several new (inter-)national artists at Giardino and during **KIV Inside-Outside 2018** on the estate of **Château St. Gerlach** in Houthem / St. Gerlach.

In this brochure, some highlights of our new exhibitions at Giardino and KIV inside-outside 2018 can already be found. A complete overview of the available works on our completely new modernised website:

We hope to welcome and surprise you March 11th!
